SUMMARY

A third year computer engineer focused on creating innovative and efficient solutions striving to deliver exceptional results. An ambitious student with a desire to excel across all facets of life. Demonstrated good teamwork and leadership during college

INTERNSHIP

Hindustan Petroleum Corporated Ltd

Dec, 2023 - Jan, 2024

- Built an app in Flutter that automates the work for meter readers, designed the database using Sqlite, implemented OCR using Google ML Kit.
- Worked on LLMs (AUTOGPTQ,FALCON-LLM) to build a pdf summarizer,pdf invoice reader and chatbot with memory

EDUCATION

Fr. Conceicao Rodrigues College of Engineering, Bandra| Mumbai University

- B.E - Computer Engineering | Nov 2022 - Present

Pace Junior Science College, Andheri | Higher Secondary Certificate

- HSC - Computer Science | Jun 2020 - Apr 2022

Bombay Scottish School, Mahim| Indian Certificate of Secondary Education

- ICSE - Computer Science | Jun 2008 - Apr 2020

SKILLS

LANGUAGES : C/C++,JAVA,JAVASCRIPT,SQL

FRAMEWORKS : FLUTTER,REACT JS,JAVA SPRINGBOOT,REACT NATIVE

DEVELOPER TOOLS : GIT, GITHUB, VS CODE, POSTMAN,LOOKER STUDIO

PROJECTS

EcoVision - Climate Change and Environmental Monitoring Website

- An AI/ML platform for climate change prediction and environmental monitoring, featuring predictive models for extreme weather, energy grid optimization, and environmental insights via satellite imagery, IoT data, and GIS integration for real-time visualization and disaster alerts and offline capability to send alerts without network connection.

VolunTrack - Crisis Response Volunteer Network

- A crisis volunteer support platform that connects volunteers with organizations. The mobile app provides volunteers with tailored opportunities, while the web portal enables organizations to efficiently manage events, collaborations, and partnerships.

ShaharSaath - Slum Community Centric App and Grievance Addressal Portal

- A transparent and automated, AI-powered solution for slum dwellers to voice their grievances to the government and the department concerned and offers educational and industry standard courses for slum upgradation.

ACHIEVEMENTS

- Runners Up : IEEE Techithon 2024 Hackathon, Atharwa College
- Webmaster of the Students Council Fr CRCE 2023/24
