Mumbai

SUMMARY

An ambitious and curious learner driven to enhance my knowledge while building meaningful tech solutions. I enjoy solving real world problems and have shown leadership during my time in the student council and through collaborative projects and successful hackathons.

INTERNSHIP EXPERIENCE

Hindustan Petroleum Corporate Limited

Information Systems Intern

Churchgate, Mumbai

Jun 24 - Jul 24

- Developed feedback form schemas for refinery events using Spring Boot, AJAX, and MariaDB to track HPCL's sustainable initiatives aligned with UN SDGs.
 - Built a meter reading app with Flutter, Dart, and SQLite to automate field data collection, reducing manual errors and improving efficiency
-

PROJECTS

RouteSync.Ai

<https://route-sync-ai.vercel.app/new>

NextJS, Typescript, Postgresql, FastAPI

- Built a logistics tool to optimize air, land, sea, and hybrid routes based on speed, cost, bans, and restrictions, with a dynamic UI to see the routes and alternatives.
 - Integrated Twilio and GDACS for real-time alerts, and developed a multilingual voice assistant with ElevenLabs for user support and FAQs.
-

EcoVision

<https://github.com/GDSC-CRCE/JoshuaDmello-repo-71> ReactJS, Google Earth Engine, FastAPI

- Built a real-time climate monitoring platform combining satellite data (PALSAR-2, Copernicus), IPCC datasets with GIS tools (Leaflet, Google Earth Engine) to analyze deforestation, land cover, and water bodies via polygon-based mapping
 - Integrated GDACS and Twilio to enable disaster alerts, including offline SMS warnings for extreme weather, forest fires, carbon emissions, biodiversity loss, and land degradation
-

ShaharSaath - Slum Community Centric App

https://github.com/Joshuadmello04/Shahar_Saath

React Native, FastAPI, Python

- Developed a mobile and web-based system for slum residents to report issues, using a ResNet-50 model with BLIP captioning to classify and describe grievances, improving visibility for NGOs and authorities and reducing response times.
 - Integrated an educational module offering industry-standard courses to promote upskilling.
-

SKILLS

FRAMEWORKS: REACTJS, JAVA SPRINGBOOT, POSTGRESQL

LANGUAGES : JAVA, SQL

TOOLS : GITHUB, LOOKER STUDIO, FASTAPI

EDUCATION

Fr Conceicao Rodrigues College of Engineering

BE Computer Engineering : CGPA - 9.43

Webmaster - Students Council CRCE

IEEE - Techithon 2024 Winner

Bandra Mumbai

Nov 22 - May 26
